**History**

“A Culinary Experience” has been a tradition of RCIS since 2000, raising almost \$100,000 since its creation. During this relaxed, informal, tasting event, patrons are treated to samples from a variety of local, Carroll County restaurants, caterers, and bakeries. The event has become so successful, with last year’s sell-out crowd, that we have outgrown the catering facility. We now offer a large canopy tent, attached to the building, to accommodate our ever-increasing attendance!
